

THE UNIVERSITY OF WISCONSIN COMPUTER SCIENCE NEST SOFTWARE CONTEST

[Schedule](#) [FAQs](#) [Rules](#) [Register](#) [Past NESTs](#)

Winners of the CS NEST 2011-12 Contest

First Place: Gustave Granroth (for [BeamFlow](#))

Second Place: Phil Dougherty and Brian Thiel (for [SwipedIn](#))

Third Place: Andrew Hermus and Toussaint Minett (for [CampusCloud](#))

Third Place: Ryan Schmukler (for [GoodMate](#))

Wisconsin Idea Prize: Luke Miller and Cynthia Qian (for [Melodious](#))

Congratulations to the participants and the winners for a great NEST Contest this year. Thanks to David DeWitt, Carl Dvorak and Roy Thiele-Sardiña for judging the contest, and thanks to Epic, Microsoft and the Computer Sciences Department for sponsoring this event.

We had a very competitive [set of teams](#), and ended up having two teams tie for the third place. Rather than split the prize money for the third prize, Roy and David decided to make a donation to double the money for the third place. Thanks David and Roy!

See you next year!
